Registration Services Report

AfriNIC-12

RS Activities

- Processing of requests for:
  - IPv4 & IPv6 Address Space
  - AS Numbers
- New Members
- Support
  - Reverse Delegation
  - Whois Database, MyAfriNIC
  - Transfers, Mergers, Closures, Reclamation, etc

Focus (Q1,Q2)

- Internal process documentation
- Procedure & process improvements
  - IPv4 Exhaustion
  - Increasing IPv6 Uptake (& Awareness)
- Resource Reclamation & Revocation
  - Non paying members
- Recruitment
  - Resource Request Analyst, CSR

v4 Exhaustion

- Address requests – "needs-based".
  - Will issue 12 month addressing needs.
- Careful vetting for new members.
  - Registered in service region
  - IP networks/infrastructure Africa
  - "Briefcase" companies.
    - Proof of existence of IP network.
- Utilization of previous allocations.

IPv6 Awareness

- v4 requestors are advised to request for v6.
- Incentives made clear
  - No effect on fees.
  - AfriNIC v6 workshops are free
- Usual feedback ☺
  - Thank you, we shall advise in due course.
  - Great pitch, guys. I'll get back to you.
 - Thanks for the advice.
