

Curriculum Vitae

Sunday Adekunle FOLAYAN

A Trainer with exceptional presentation skills. Vocal on issues related to sustainable development, appropriate technology for developing countries and technological transfer via self-help. A catalyst for technological diffusion in the developing world.

Summary

Sunday Folayan, an Internet Protocol Networking and Training Consultant is the Chief Executive Officer of General Data Engineering Services, also known as SKANNET, which builds functional and affordable IP Networks for developing countries.

Sunday holds a Masters in Electrical Engineering obtained from the University of Ilorin, Nigeria. He is an advocate of self help as a catalyst for technological development in the third world. He is very vocal, on issues related to sustainable business development, appropriate technology for developing countries and technological transfer.

He has served in the past as a member of the Interim At-Large Advisory Committee (ALAC) of the [Internet Corporation for Assigned Names and Numbers](#) (ICANN)

He is a Director of the [Nigeria Internet Exchange Point](#) (NIXP) and Vice President of the [Nigeria Internet Registration Association](#) (NiRA), Director of the [Internet Service Providers Association of Nigeria](#), and a Training Instructor for the [Network Startup Resource Center](#) (NSRC) and the [African Network Operators Group \(AfNOG\)](#), He is a Co-convenor of the [Nigeria Network Operators Group](#) and one of the promoters of the [Ibadan Internet Exchange point](#) (IBIX), the first exchange point in Nigeria. He is a member of the [Nigeria Internet Group](#) (NIG), and the [Nigeria Computer Society](#) (NCS).

Sunday has spoken at very many events and functions, within and outside Nigeria, on wide ranging issues. He maintains a personal blog at <http://www.sundayfolayan.name.ng>
